

Closamectin Border Union Kelso Ram Sale

Cancellation of 2020 sale

It is with great regret that we have to announce the cancellation of the 2020 Closamectin Border Union Kelso Ram Sales. Our trustees and ram sale committee looked at all available options of how we could have held the sale safely under Covid-19 restrictions. However, due to public health concerns, the safety of our sellers, buyers, staff, contractors and volunteers must come first.

Although Covid-19 restrictions are gradually being lifted we continue to see localised outbreaks, proving the risks are still significant. There is also the continued threat of a second wave of infection. We have a wider responsibility as a society to support the nationwide effort against this disease. If our sale was to go ahead, a positive tracing could implicate thousands of people.

We realise this decision will be a huge disappointment to most, and it was one that we really didn't want to make.

Border Union Agricultural Society would like to thank everyone for their patience and understanding on this matter and look forward to welcoming you to next year's sale on Friday 10th September 2021.

Stuart Craig

Border Union Kelso Ram Sale Chairman

Ian Fleming

Border Union Agricultural Society Chairman
